

Marketing Bulletin

To All Atrium Customers

February 27, 2009

SAVE THE DATE! ***TAX CREDIT COMPLIANT BY MARCH 26!***

We are pleased to announce that the following products will be eligible for the 2009 – 2010 stimulus tax credit by March 26, 2009! We will follow this communication next week with additional details and marketing materials.

Each of these products will meet the .30 U-Value / .30 Solar Heat Gain Coefficient requirements with optional Low-E “366” and Argon gas. We are now working on the mechanics to bring this glass into our facility and in to our manufacturing and ordering systems.

In order for you and your customers to take full advantage of the stimulus incentive, we are offering this option on our most popular window series in each style!

- ***Series 8300 Double Hung, Picture Window and Shapes***
 - ***Series 123/133 Replacement Slider***
 - ***Series 700 Casement***
 - ***Models 311 and 312 Sliding Patio Doors***

The Dealer List price for the “Tax Credit Glass Package” is \$33.00 for windows; the option will be offered on the patio doors as the current Low-E/Argon price!

Thank you for your partnership!
